

# KOROSUKE, Petit

- **Product Features:**

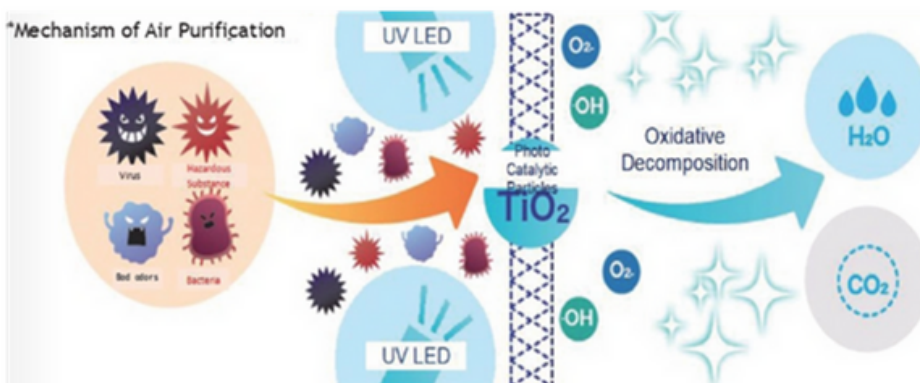

1. Compact structure & small size.
2. Light Weight (~230 gm), easily portable.
3. Powered by any USB ( C-type) outlet.
4. No built-in filter.
5. Eco- friendly.

- **Technology Used:**

KOROSUKE is a new air purifier that combines Photocatalyst and UV LED.

By irradiating the high-density Photocatalytic material, which is a unique technology, with UV LED, active oxygen (OH radical) is generated on surface and oxidizing power is born. It instantly decomposes harmful substances such as viruses, bacteria, and odors contained in the air that passes through this air purifier.

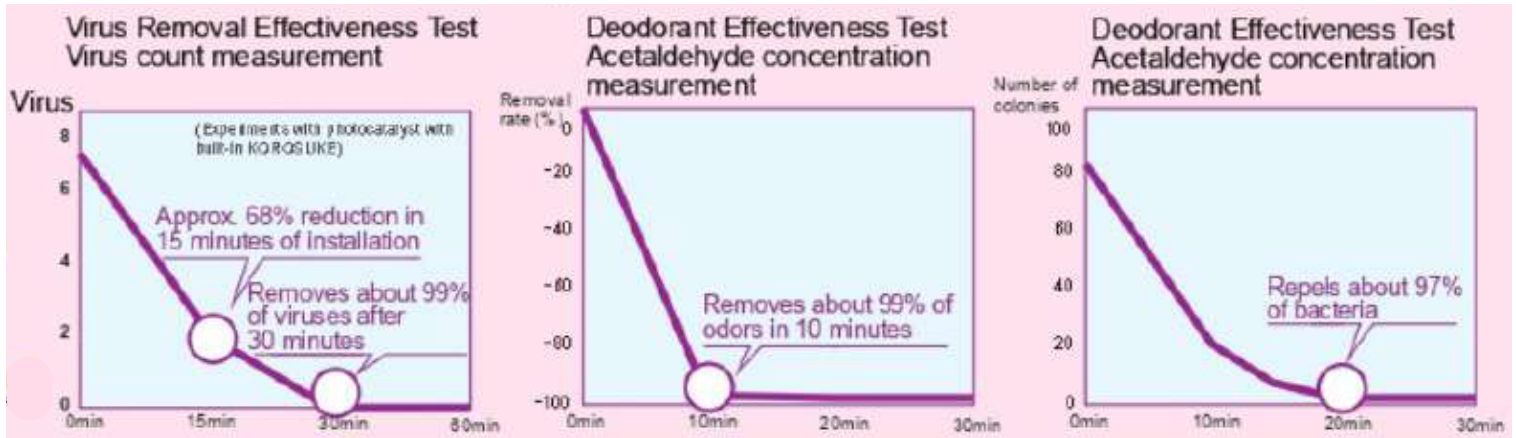

KOROSUKE photocatalyst air purifiers are self-regenerating and maintenance-free, so there is no risk of scattering.

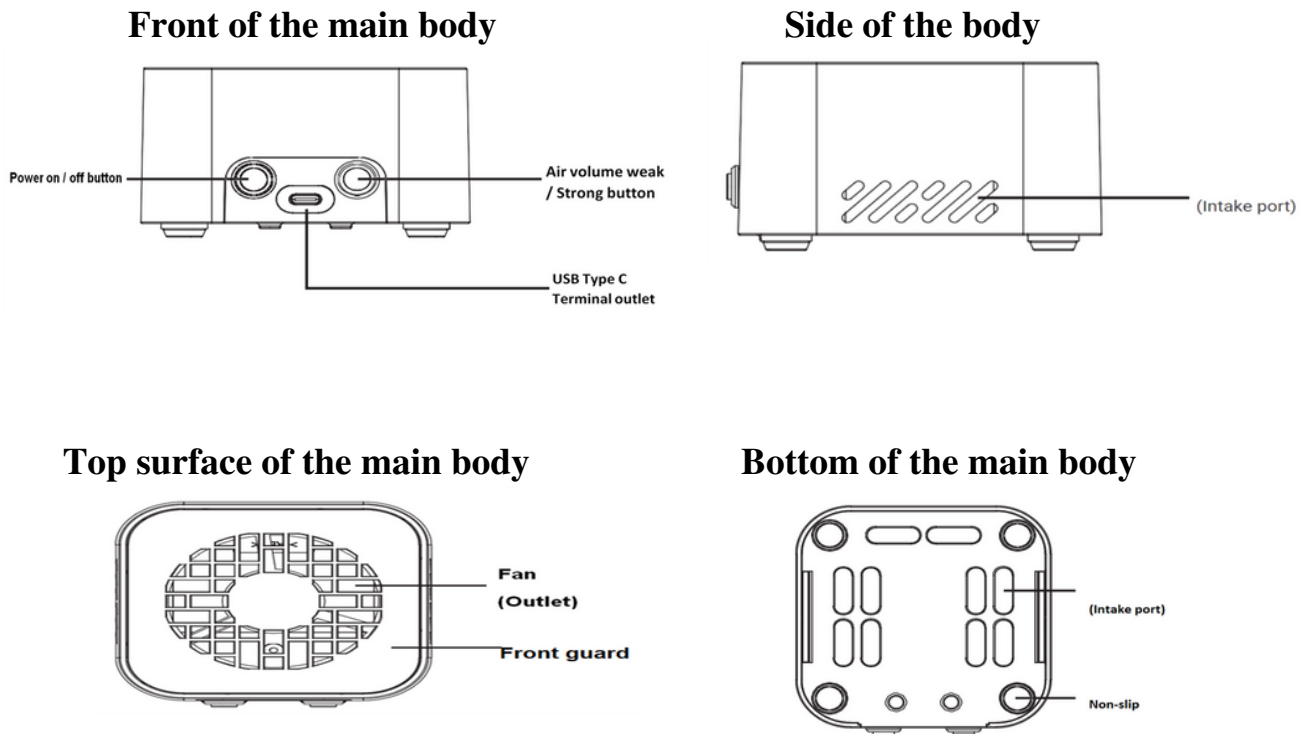

In addition, unlike ozone air purifiers and hypochlorous acid air purifiers, it does not emit ozone or chlorine, so it is highly safe and safe to use.

Experience the "new air purifier KOROSUKE", which is compact but has high sterilization and high virus decomposition.

- **Effects of the Demonstration Experiment:**

- **Structural Information :**

- **Connections :**

Connect the USB Type C terminal of the dedicated USB cable to the USB terminal outlet of the main unit. Connect the USB A terminal of the dedicated USB cable to the USB port of a PC, AC adapter, mobile battery, etc. to supply power.

Depending on the connected device, the FAN startup sound may be heard at the start of operation, but this is not a problem with the product.

• **Product Information :**

<b>Product name</b>	<b>KOROSUKE Petit</b>
Power-supply voltage	DC5V (using a dedicated USB cable)
Rated power consumption	2.4W (in strong wind) /2.0W (in weak wind) Mobile battery drive (at 10,000mA / h): Approximately 15 hours
Operating ambient temperature	0~40°C
Surrounding humidity	20~85%
Driving sound	41 dB (in strong wind) / 34 dB (in weak wind)
Air volume	0. 53 m <sup>3</sup> /min
Adaptive volume (approximate)	13 m <sup>3</sup>
Product dimensions	Width 102 x Depth 102 x Height 62 mm
Product mass	230gm
Country of origin	Japan

• **USB cable specifications :**

Voltage DC5V / 3A

Cable length 1.0m

Connector USB (A) -USB (Type C)
